

BANKERS PLEDGE AID TO WIN WAR

Hinsch Asserts They Will
Help to Their Last Unit
of Credit.

Chicago, Ill., Sept. 26.—Charles A. Hinsch, president of the American Bankers' association, addressing the annual convention of that organization today, pledged the fortunes and lives of its 13,000 members to continue the war until the last German is beaten to earth and a victorious peace assured.

Reaffirming the loyalty of the nation's bankers to president Wilson in his prosecution of the war, he declared that they will keep on fighting "not to the last dollar, but to their last unit of credit."

He said "that no power that Germany will approve will satisfy America. We must not consider a negotiated peace. Nothing should be considered but an unconditional surrender."

In his prosecution of the war, Mr. Hinsch said, the government, instead of restraining business, is encouraging it, and he expressed a hope for a continuation of this policy after peace.

"Out of the chaos into which the nation was plunged, is coming the semblance of order," he added.

For Military Training.—He advocated military training as essential to commercial expansion and industrial growth.

At the final meeting of the national bank section, Oliver J. Sanders, president of the American National bank, Richmond, Va., was elected president. At the closing meeting of the services bank section, C. B. Haselwood, vice president of the Union Trust company, Chicago, was chosen president.

Controlled by All.—John Swettenham, controller of the currency, was vigorously assailed by state bankers at Wednesday's sessions.

During the entire day, speaker after speaker, in the state bank section, referred to a recent statement of the controller, which, for a brief period, compared failures in state and national banks to the displacement of the former.

This culminated in a resolution, adopted by the section with only one dissenting vote, "regarded as unfortunate" this statement.

Geo. Beck on Legal Trip.—J. A. Chilton, ticket clerk in the consolidated railroad offices in the Mills building, left Wednesday night for Marshall, Texas, where he will testify as a witness in a case against the T. & P. railway company.

J. A. Chilton, formerly general agent for the T. & P. railway in El Paso, has been transferred to the general offices of the federal administration in Chicago.

VIRGINIA MURDER INDICTED.—Virginia Maltby, a woman under 20 years, who is alleged to have shot her husband in El Paso recently, was indicted by the grand jury on a charge of homicide.

Wednesday evening, Maltby was set at \$1000. Ralph Jump, a fifth cavalry trooper, is named as the alleged second husband.

Standers, Walkers, "Gets-It" for Corns

World Has Never Known Its Equal.

"What will get rid of my corn?" The answer has been made by millions—there's only one corn-remover that you can bank on, that's absolutely certain, that makes any corn

on earth peel right off like a banana skin—and that's magic "Gets-It." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gets-It" on the corn or callus. You want a corn-remover, not a corn-fool. You don't have to fool with corns—you peel them right off with your fingers by using "Gets-It." Cutting makes corns grow and bleed. Why use irritating salves or make a sundry of your toe with tape or bandages? Why suffer and still have the corn? The "Gets-It"—your corn-pain is over, the corn is a "gone" sure as the sun rises. "Gets-It" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill.—Adv.

BOND SALE ON: 3 PUT UP CASH

Small Buyers First; Quota
For City and County Set
at \$2,692,500.

Maurice Newman, San Antonio and South El Paso streets, tendered the Liberty loan committee \$500 for Liberty bonds of the fourth loan on Wednesday afternoon. Although the money was not accepted until Thursday morning, he was really the first subscriber to the loan.

J. D. English, negro, of 2918 Frutas street, was actually the first man to have his money, \$100, accepted for a bond. He has a bond of each of the former issues.

A. M. Rodugh, 584 Upon avenue, was the first Syrian-American to purchase a bond. He subscribed \$1000 on Thursday morning. He is a member of the Texas Limit club war stamps, and so is his brother, E. M. Rodugh.

Text County Off Lick.—El Paso's quota for the fourth Liberty loan is fixed at \$2,692,500, according to a telegram received by Dexter E. Mapel, executive manager of the loan committee, from J. W. Hoopes, of the federal reserve bank at Dallas, Tex.

This amount is nearly \$2,000,000 less than had been expected and it is certain that the 26 bankers and business men from the district considered drought conditions in apportioning such a small amount to the city.

El Paso's quota for the third loan was \$2,002,250, and \$2,004,800 was subscribed, which amount is more than the amount the city is now asked to subscribe even though the whole country is asked for six billions now as against four billions at the third drive, it was pointed out by manager Mapel.

Will Check Up Statements.—At a meeting of the Liberty loan executive committee Wednesday the war saving stamp committee pledged its utmost assistance in the matter of checking up statements regarding war stamp investors. Whenever a person who is approached by the Liberty loan committee, the committee will check up on him. Chairman Burt Orndorff informed his workers that in all cases where persons are invited to buy war saving stamps, or are able to satisfy the bond sellers that their investment is in war saving stamps, they will take up all spare capital, they will not be forced to buy bonds.

Each Fund Must Progress.—The federal reserve bank at Dallas is now in charge of both Liberty bonds and war stamp sales and does not discriminate of one against the other. It is necessary that no pledges for W. S. S. be transferred to Liberty bonds, for the committee will have to have all local pledges redeemed in order that the quota may be reached.

FALL AT PASSED IN CONVENTION

Temporary Chairman Field
Says Senator Has Been
"Nagging President."

Santa Fe, N. M., Sept. 26.—United States senator A. B. Field of New Mexico has been a "radical" in the senate, according to a vigorous attack on the senator's record made this afternoon by Neil R. Field, of Albuquerque, temporary chairman of the Democratic state convention which opened at 2 o'clock in the afternoon.

"Ever since Fall left the Democratic party in New Mexico," said Mr. Field, "it has somehow managed to achieve a measure of success."

Says He "Nags President."—He went exhaustively into the record of Mr. Field on war measures and accused him of constantly "nagging the president."

"To win the war in the shortest possible time with the least sacrifice of blood and treasure," declared Mr. Field, "is the unswerving purpose of the American people."

Prolonged applause greeted his declaration that the master mind of Woodrow Wilson is entitled to credit for the great accomplishments so far achieved in carrying on the war.

No Fear of Dictatorship.—"Only political schemers," he said, "have dared to charge that Wilson is playing politics. The people have no fear of Wilson as a dictator."

He pointed to the selection of Taft and Hughes and other leading Republicans to responsible war posts and defended the use of Col. House as special representative of the president.

Praises Republican Governor.—Mr. Field praised the record of governor Lindsay, Republican, who he asserted had worked with the Democratic minority in the legislature for public economy, despite the "restraining hands of the leaders of the Republican organization." He demanded reform in the tax system in the state land office and said that state and county defense councils should be called upon to show how far they "may have been influenced by political considerations."

The convention convened at 2 o'clock this afternoon. At that hour, claims of rival senatorial candidates, summarized and showing shifts of voice from earlier predictions, were: Congressman W. R. Walton, sure of 50 votes and his boom stationary, with a possibility of 100 votes.

C. H. Tallmadge, of Socorro, sure of 40 votes and with a paper strength of 140 and his boom growing.

G. A. Richardson, of Roswell, allied by opponents to be out of the race.

A strong probability of a compromise on R. H. Hanna, chief justice of the supreme court.

In the governorship situation, R. E. Putney, of Albuquerque, while his candidacy had not fully developed, seemed as a likely solution of the problem, with odds otherwise seemingly favoring Felix Garcia, of Rio Arriba county, whose strength was expected to increase rapidly. He formally announced that he was receptive.

Minority Faction Fight.—The defeated minority faction from Colfax county, which was openly charged by Kohlhausen with being allied with the Republicans, announced that it would carry its fight to the floor of the convention and it was asked that the defeat of the final separate ticket would be placed in the field in that county.

CONTESTS ARE SPIRITED; NO ONE HAS EASY VICTORY

By GUTHRIE SMITH.

Santa Fe, N. M., Sept. 26.—Politics is not adjourned in New Mexico. The Democratic state convention, assembled here to nominate a state ticket, is the busiest yet called together since New Mexico became a state. The great number of candidates makes the choice of the convention exceedingly difficult, and no one apparently is able to predict with reasonable certainty who will be the nominee for any particular office.

No combination yet suggested seems to have better than a fighting chance to put through its slate. A bitterly fought contest from Colfax county has not served to clarify the situation. Two complete delegations from Colfax were certified to the central committee for the temporary roll, and the committee sitting as a whole spent all yesterday afternoon and until midnight last night hearing the evidence.

Kohlhausen Delegation Wins.—Both sides rejected all suggestions of compromise and the committee finally voted to seat the Kohlhausen delegation. Judge Neil R. Field, of Albuquerque, was decided upon for temporary chairman of the convention. W. R. Walton, of Silver City, representative in congress; Judge G. A. Richardson, of Roswell, and C. H. Tallmadge, of Socorro, are the principal candidates for United States senator.

Lucero for Congress.—For congress, Antonio Lucero, present secretary of state, is the only one mentioned anything like consistently. Walton also is mentioned for this office, but only in the event that he does not receive the nomination for senator. Prominently mentioned for governor are H. L. Hall, present treasurer, and Felix Garcia, both of Albuquerque, and E. E. Veeder, of Las Vegas. Hall is not an active candidate, but would accept the nomination.

Putney Gaining Ground.—Putney entered the race only a few days ago and apparently is gaining ground steadily. The race for land commissioner seems confined to W. M. Atkinson and George Davidson, both of Roswell.

For the supreme court, R. H. Hanna, the present incumbent, and Judge C. E. McClure, of Roswell, both seek nomination.

Campaign Expenditures Investigation Deferred

Washington, D. C., Sept. 25.—The senate elections committee today, by a vote of 10 to 2, decided to postpone until after the November elections consideration of the resolution providing for an investigation into campaign expenditures made in the primary campaign in Michigan, which resulted in Truman H. Newberry receiving the Republican nomination.

It was also decided to postpone further consideration of the charges against the late senator, La Follette, because of his St. Paul speech, until after the election.

MICHIGAN REPUBLICANS HOLD STATE CONVENTION

Grand Rapids, Mich., Sept. 25.—Less than half of the 147 delegates accredited were in attendance at the Republican state convention when it opened here this forenoon. Absence of any sort of a contest was responsible for the light attendance.

The convention is to nominate candidates for several state offices. Resolutions to be presented, it is understood, will declare for woman
